

MAWA AGM 2016

Secretary's Report

This year the new Associations Law came into effect on 1 July 2016 with new set of model rules for our constitution. We have three years to make any adjustments needed. They are only minor changes and the committee will be drafting any amendments needed next year. One of the new laws is that a copy of the constitution must be made available to all new members. We keep a copy on our website under "Our Club" in "About Us". Also under the new law members are excluded from being on the committee if they are bankrupt or have been convicted of a fraud offence in the last 5 years. We have amended our nomination slips to include this declaration.

Thanks to all members and the committee for their great assistance and support in the running of the club.

Delia Baldock
