## They do *give a crap!*

### Never get caught short again

THE panic-buying has eased but during the aisle-wars we were reminded of an excellent organisation known as *Who Gives A Crap*. Their toilet paper is made from 100 per cent recycled material – is shipped free to most of Australia – and half their profit is used to build toilets for the disadvantaged.

**This blurb is from the website –  
Whogivesacrap.org**

**`We're determined to prove that toilet paper is about more than just wiping bums. We make all of our products with environmentally friendly materials, and we donate 50% of our profits to help build toilets for those in need. To date we've donated over \$2.6 million dollars to charity and saved a heck of a lot of trees, water and energy. Not bad for a toilet paper company, eh?'**

However, what inspired me to tell you about this mob was the following email received a couple of days before our first shipment arrived. Anyone that brings a personal touch to business in such faceless times deserves our support, I reckon. Hope you agree. VW

Hi Chris,  
We wanted to drop you a quick note about your delivery, which may be a bit slower than usual.  
One of our systems got confused and suggested your parcel be shipped from our warehouse in the United States. This route would be more scenic, but pretty silly considering we have warehouses right here in Australia.  
We've fixed the problem and your order will be shipped asap, but this does mean a few extra days added onto your delivery time. We'll keep you updated and you'll get an email with your tracking link as soon as your parcel is out the door.  
Thanks for your patience!  
Hugs,  
The team at Who Gives A Crap
