Amanda Bisk

Warm but not scorching weather was the order of the evening on Friday 27th February, at WAAS, for our Pole Vaulters. All were happy with their performance, except perhaps Phil Smyth who unfortunately succumbed to injury. Geoff Brayshaw was in fine form, but despite three valiant attempts, wasn't able to better the M75 State Record of 2.75m which is held by Phil. The two have shared a friendly rivalry since they both took up pole vault some years ago. And being at the latter end of the M75 age group, they are truly inspirational.

The senior pole vaulters were part of the regular *Strive* Friday night competition but W35 Amanda Bisk had to wait until Saturday evening for her competition. Amanda would be happy with her work as, also at the tail end of her age group, she broke her own State Record (3.75m) with a vault of 3.80m.
