STATE Championship entries close on Sunday 17th February.

No late entries will be accepted.

Online entry is preferred if at all possible. Otherwise, allow plenty of time for posted entries!

Paul preserves Vetrun's past

OVER the past eighteen months or so a machine down in Fremantle has been working overtime.

Paul Martin has organised the scanning of all the old club newsletters from 1974 to 2005 and they are gradually being posted on the website (under the Magazines tab).

For some years now the *Vetrun* has consisted of just eight pages because modern design, typesetting and printing makes far more efficient use of pages.

In the past some issues ran to twenty pages or more. Anything and everything pertaining to club activities and club members was included. So Paul's contribution to preserving these club documents for posterity has been enormous.

The reproduction of the old newsletters is not perfect as the copies used were sometimes faded, crumpled, dog-eared and scribbled on but they make fascinating reading.

Members will vote on financial year shift

A SPECIAL resolution to change the dates of our Club's financial year will be put to the AGM this year.

Members will be asked to consider and vote on the plan which would move the financial year-end from March 31 to June 30.

The purpose is to correct an anomaly that now occurs every year, regarding receipts and costs from the State Championships.

Because the Championships are in March all of the cash income (entry fees, and sponsorship) comes in before the March 31 year end.

But invariably, costs are incurred after that date.

This means a significant mis-match of income and ex-

penditure in our annual accounts.

To overcome it the club committee recommends changing the year end to June 30.

If agreed by members, the first (transition) year following the change will need to be fifteen months long. Subsequently, normal 12-month years will apply. Another consequence of the change is the AGM moving to July.

Here is the Special Resolution:

"That approval is given for the Association to amend its Constitution as follows:

By removing the existing definition of 'financial year' from clause 2 and replacing it with the following wording:

'Financial year' means a period not exceeding 15 months fixed by the Committee, being a period commencing 1 April 2013 and ending 30 June 2014, and thereafter each period commencing 1 July and ending 30 June in the following year;

By replacing the word 'April' with 'July' in clause 16(1)(b)."

• AGM Notice – see page 3

Helping John

Hi Vic,
I was wondering if you could put this in the *Vetrun* if there is space?

Everyone has been so supportive and wanted to help John and I. I thought that this may just help people understand if they find John a little disorientated or agitated.

Neither of us would like to think that John has offended anyone. Please, if anyone has any questions regarding John or his problems feel free to come and ask me.

Vic, I trust you to put it in your own words as I am not very good at these things.

*Thanks a lot
Elaine*

AS many members are aware John Dance suffered brain injury a few months ago in a work accident. He has recovered well but still suffers some long-term effects.

Brain injury is often called the 'hidden disability' because people appear unchanged. But John now struggles with many day-to-day things that we all take for granted, such as managing emotions.

He is more easily upset and angered by small irritations and frustrations and may become a little agitated at times. If this happens, Elaine suggests we simply leave him

John Dance in his usual jovial mode, always among friends with Masters

to be alone and calm himself down.

Dealing with busy places and noise – such as shopping centres, or social situations with lots of chatter and general noise – can be upsetting.

At times you may notice John drifting off, because his brain has been taxed and he needs time to switch off. Then he may take himself off to a quieter place so he can rest.

He easily becomes disorientated and can lose his bearings, but he is well aware of how to look out for familiar landmarks in order to re-orientate and, for instance, find his way back to his car.

Side-effects

Other side-effects of the accident are increased fatigue, and reduced ability to control body temperature – some-

thing that is normally as automatic as breathing or heart beating.

Without this function John can swiftly become unwell in hot or warm weather. He needs to be in air conditioning for most of the summer months.

Weight gain is another problem, due to reduced activity and side-effects of medication. John is very self-conscious of his weight gain and is doing his best to manage it.

Our club is renowned for the goodwill and support it offers all others in competition. I hope all our members will show the same spirit by looking out for John, and Elaine, and continuing to helping them through this difficult time.

VW

East Perth report

By John Smith

'Premier's wrecked our Classic'

NOTHING lasts forever and the classic East Perth 4 and 7kms has been wrecked by one of Colin Barnett's preferences for concrete in place of grass.

It is now 5 and 6.5kms but for the purists who keep their times and distances in little notebooks it is probably closer to 5.1 and 6.7kms.

But the much loved hill is still very much part of the course.

Changing a course is always a hazard but this one seems to have gone smoothly. That was due in no small part to the efforts of our marshals. I received several complimentary comments on the way they directed competitors. Which makes this a good time to thank all of the helpers. They acted as a team in a very professional way.

Also I still marvel at the way that Vic and Jacqui set up their camp kitchen and eased the pains of those poor souls who ran or walked in 90% humidity.

• John's report and these results (below) were held over from last month.

Did not compete in handicap:	
V1	40:45
V6	41:58
V3	44:56
Kylie Mahony	W40 44:33

Did not compete in handicap:	
V1	48:19
Brian Smith	M70 67:41

Has anyone kept the Constitution?

Does anyone have a copy of the club's original constitution from 1974?

I have asked a number of members, looked through boxes and files of club documents, checked the State Library and the State Records Office – all to no avail.

Note that the constitution which was bound at the back of Rob Shand's History of the Club in 1977 is an amended version and not what I am seeking!

If you have a copy I would be most interested to see it – and the State Library would like a copy of it.

Christine Oldfield

Congratulations

CIAR and Ross Langford now have a baby daughter, Ashlynn, who was delivered at Joondalup Hospital in January.

ANNUAL GENERAL MEETING

24th April 2013

MAWA's Annual General Meeting will be held on Wednesday, 24th April, 2013 at 7.00pm at the Hockey Club Rooms, Perry Lake Drive, Floreat (the hall where the Sunday Perry Lakes events start). All members are invited to attend.

Committee Nominations

Nominations are called for the Committee for 2013/14. The positions are; President, Vice-President, Secretary, Treasurer and four committee members. Nominations for appointment to positions of editor, handicapper, statistician, registrar and auditor are also invited. Nomination forms are available from the Club Secretary.

Changes to Constitution

Proposed changes to the Constitution are dealt with by way of special resolution and any proposed changes MUST be lodged with the Club Secretary by 1st March 2013.

Life Memberships

Recommendations for life membership should be forwarded to Secretary by 1st March 2013. Recommendations for life membership must come from at least three members, be approved by the Committee and later by a majority of two-thirds of the members present at the AGM.

To be eligible for life membership a member must have had active and continuous membership for at least 10 years and have substantially contributed to the progress of the Club. *Valerie Millard*

Deadly duo

JUST when you thought the competition couldn't get tougher, Bert Carse and Jim Langford become training partners.

Jim's moved to the hills, and now the deadly duo can spur each other on in training as well as races. Expect to see them in the Champs, probably over 1500m and 5000m.

Here's a tip, if you aspire to run like Jim: After the Age-Graded run he told us that his best-ever form was achieved when he trained twice a day. Jim would cover 100 miles a week in those days, when in his 30s.

Bunbury Run-Fest set for April 14

Tony Minards of Bunbury RC writes:

The event has been brought forward to 14th April and the festival includes a 10km individual event, to expand the appeal. Relay events have been dropped.

All registrations must be completed on-line, by 10th April.

However, 10km late entries will be taken on Saturday, 13th April.

What's the same?

No changes to the Individual Full Marathon, 50km Ultra Marathon, Half Marathon Run, and Half Marathon Walk events.

We are committed to delivering a top quality running festival that represents outstanding value! There's a great prize pool, a fantastic course, and a Kids event.

We operate a very fair refund policy. Event refunds are available, less genuine (small) out of pocket expenses,

2013 Bunbury 3 Waters Marathon

up until one week before the event.

Your clothing purchase costs will be refunded if we can sell the goods ordered for you to someone else. This allows you to commit safely knowing we won't rip you off if you can't participate for any reason!

What other event is as fair as that?

The question is now ... are you going to commit immediately? There's really no reason to delay.

Six inches of separation!

• On this page last month John Oldfield regaled you with the success of our runners in the Six-Inch Marathon. Alongside it you should have read the inside story of her own effort, by Sandra Stockman. But space and time wait for no woman and I had to shift Sandra's words to page eight. Very good they were, too. Unfortunately I omitted any mention on page eight that she was writing about the Six-Incher. Separation makes the heart grow fonder – but it also frustrates the reader. Sorry about that – and thanks, Margaret Warren, for telling me about it. VW

10km Track Handicap

McGILLIVRAY OVAL

Thursday, 18th April, 7pm

IT'S on once again, for the 25th time, and we are hoping for the usual fine cool night. As we will be away for much of March Lorna Lauchlan and Bob Fergie will be collecting entries for us.

Forms will be available at club runs and also at the State T&F Championships. This event also counts towards the Club Handicap Trophy, so here is your chance to score some low points! Entries close 14th April 2013.

ENTRY FORM

Post to Jeff Whittam, 49 Holland Street, Wembley WA 6014

In My View ...

by the Editor

Thank you!

JOHN Cameron of Black Swan Event Financial Planning (BSEFP) will sponsor our track and field championships next month.

His company has been a major supporter since 2010, despite the fact that they have gained little new business from the arrangement.

This selfless response by John and his colleagues to assist our sport deserves recognition, and I hope that anyone considering financial guidance, advice and investment will remember Black Swan.

Learn from Jim

JIM Barnes is coaching marathon and half marathon training sessions, every Saturday morning at McCallum Park. Start time is 6am – sharp, so be prompt!

You can't do better than 100-marathons-plus Jim for such coaching and advice. And we're lucky to have him – especially after his most recent heart-stopper.

Jim collapsed, heart inert, some weeks ago in the Marathon Club car park. Fortunately some people spotted him and their efforts probably saved Jim's life. According to John Pellier, these good samaritans first had to deal with man's best friend – Jim's dog, Jack – growling and keeping them at bay.

"Luckily, Jack's easily bought off," says John.

They lured Jack away with a sausage or something, and all turned out well!

Age Graded Handicaps

January 20, 2013

Directors: Gillian Young & Mark Stryer

Lorraine lopes it again

SHE's made this event her own. Short of another super-70s woman showing up – or a re-examination of her birth certificate – it's unlikely anyone is going to wrest the age graded laurel from Lorraine.

She loped in (sorry, I've been dying to work that pun ever since she joined Masters!) ahead of Jim Langford and Bert Carse. Not many manage that, even in a handicap.

Director Gillian reports:

A beautiful morning welcomed us all for this event and also brought out all the cyclists - so extra care had to be taken on the shared pathways.

A handful of runners set off on scratch for the 5km run while the remainder double-checked their handicap time. The older you are, the smaller the handicap leaving the last few young competitors champing at the bit.

Well done to Jim Langford and Lorraine Lopes (winners of the 8km run handicap) and John Smith and Lorna Lauchlan (winners of the 5 km walk handicap).

Look forward to seeing you all next

year when you can look forward to a smaller handicap!

A big thank you to our wonderful helpers - Jeni, Elaine, Linda, Mike, Fiona, Duncan, Melissa, Rod and Neil.

Gillian and Mark

Dorothy Whittam	W75	52:10
John Dance	M60	52:59

Top, Johan Hagedoorn, Richard Blurton, Hamish McGlashan; left, Bjorn Dybdahl won this race for the line from Peter March; below, good to see Andrea Byrne running again; below left, Rod Hamilton, a visitor, and Sofia Carson.

Friendship February 3, 2013

Director: Brett Roach

In the Friendship event we combine with the Marathon Club for Master's biggest Sunday gathering of the year. Fortunately director Brett Roach had many willing helpers – young and older – at the tables and out on the Kings Park roads.

Avoid heat stress

PRESIDENT Paul Hughes has been informing us regularly on Sunday morning runs of the need to be wary of running and racing in the hot conditions.

Research agrees that fluid loss of greater than 2% of body weight may impair performance in endurance events. A combination of high temperatures, high humidity and direct sunlight increase the likelihood of this heat stress.

Our bodies rely on water for many reasons, such as cooling, lubrication for joints and waste removal. Dehydration occurs when the body water levels become too low. Performance levels may then decline and there is a possibility of serious health problems occurring due to the heat stress. Sweating is beneficial as it creates a cooling effect on the body. However in high humidity this cooling effect is reduced.

Masters athletes are more susceptible to heat stress due to physiological changes that occur as we grow older.

Keep cool!

Here are some tips to help you reduce your risk of heat stress:

- On the first few very hot days reduce your activity levels to allow acclimatisation;
- Look for warning signs of heat stress (eg light headedness, headache, profuse sweating or nausea) and stop all activity if affected;

Training Tips

by
Marg Saunders

- Some prescription drugs may negatively affect your reaction to heat stress so you may need to check this with your doctor;
- Hydrate by drinking water before, during and after exercise;
- Drink a sports drink after exercise to aid in electrolyte replacement.

Use common sense!

We have had exceptionally hot conditions recently, therefore I ask you to 'listen' to your body and be aware of any signs of heat stress.

It is far better to temporarily reduce your training load or run a little slower in order to maintain a healthy body.

Remember there is always another run next week!

ALL HELPERS

Please contact your race director to confirm that you are available for your allocated event. If you are not available, please find a replacement and advise your race director.

New Year's resolution?

MOST of our helpers are very reliable and always turn up to assist on at least two help dates. Many of them help out more than twice a year and offer to fill in at the last minute when Race Directors have been let down.

However, there are a few who leave it until the last minute to tell their director they are unavailable; or don't turn up at all.

This situation can often compromise the safety of our competitors.

So – how about making this New Year's resolution:

"I will make sure I attend at least two help dates and if, for some reason, I am not able to help, I will find a replacement and let my Race Director know."

This would help to ensure the safety of our members - and the sanity of our organisers!

Thank you.

Gillian Young

Helpers and Events

FEBRUARY 10

McCALLUM LAKES

Race Director: Bob Schickert - 9330 3803

David Baird, Fiona Cousins, Helen Lysaght, Hamish McGlashan, Dalton Moffett, Jo Richardson, Blakeney Tindall, Scott Winn, Keith Atkinson, Val Millard, Lynne Schickert, John & Andrea Byrne

FEBRUARY 17

WOODMAN POINT

Race Directors: Karen & Peter March - 9418 8770

Rochelle Airey, John Brambley, Rosa Wallis, Elaine Dance, Mitch Loly, Ray Hall, Paul & Tanya Burke, Gail James, Jac Staiger

FEBRUARY 24

PINEY LAKES

Race Director: John Frost - 0415 232 420

Carolyn & Bob Fawcett, Bob & Liz Neville, Kim Thomas, Bruce Wilson, Toni Frank, Alan James, Clayton Northey, Steve Hossack, Theresa Howe, William McGlue

MARCH 3

LAKE MONGER

Race Director: Richard Danks - 9355 1570

Leonie Edwards, Jim and Trisha Farr, Sandra Rourke, Blakeney Tindall, Kathy Burr, Jane Stanbrook, Morland Smith

MARCH 9/10

STATE CHAMPIONSHIPS

Black Swan Event FINANCIAL PLANNING

Black Swan Event Financial Planning is pleased to again be associated with Masters Athletics WA, supporting the 2013 MAWA State Championships.

Health and wealth

One of the key challenges of retirement is to make sure our income lasts as long as we do.

As a masters athlete, you put a lot of time and effort into maintaining a healthy body. But is your financial situation equally healthy?

If you can be confident that your income will be ongoing, whatever happens in financial markets, then you can plan and act with certainty and peace of mind, says John Cameron, Principal of Black Swan Event Financial Planning.

"In the 30 years I have been in financial planning and associated areas, many companies have tried various ways

to provide that certainty of income – mostly without success," John says.

"Now, a major institution has come up with a radical new solution which, for a reasonable cost, guarantees income for life. It is transparent and flexible, so you can make capital withdrawals (but they will affect your income), with no loss of capital on death."

If you would like more details or would like a free "health check" of your finances, contact John Cameron or Petrese Ivey at Black Swan Event Financial Planning. Or check the website at www.blackswanevent.com.au
